The Employer recognizes the Union as the sole and exclusive bargaining agent for the purpose of establishing salaries, wages, hours and other conditions of employment and the administration of grievances arising thereunder for the term of the agreement for all employees covered by this agreement in all classifications as determined by the New York State Public Employment Relations Board to be in the bargaining unit.

The period of unchallenged representation for the Union shall be the maximum permitted by the Taylor Law.

The terms "employee(s)", "member(s)" are used interchangeably herein to refer to permanent employees (excluding those employees on probation) of NFT Metro, on a full-pay status, who are represented by the Union and whose terms and conditions of employment are governed by this agreement. These terms are used to designate both male and female.

The parties hereto declare that it is their policy as implemented by this agreement to promote harmonious and cooperative relationships between NFT Metro and the Union and to protect the public by assuring, at all times, the orderly and uninterrupted operations and functions of NFT Metro. This agreement will also establish equitable and peaceful procedures for the resolution of differences and the establishment of rates of pay, hours of work and other conditions of employment.

Section 1.3: Applicable Law

In consideration of the mutual covenants and agreements, herein continued, NFT Metro and the Union, through their authorized representatives, agree that this agreement has been negotiated pursuant to the provisions of the Public Employees Fair Employment Act and is governed by the applicable provisions of New York State Law.

Section 1.4: Legislative Requirements

The Employer further agrees to grant to the Union and exclusive payroll deduction of premiums for an employee organization sponsored insurance program.

The scheduled workday and workweek shall be as follows for the following classification of employees:

CURRENT SUPERVISORS (Bus and Rail): Employed in the position as of 4-1-95

Workday	9 hours
Workweek	40 hours regular plus 5 hours guaranteed overtime (47.5 hours pay per week)

The above scheduled workday and workweek will be considered as pay days and pay weeks for the purposes of compensating employees for sick, personal and vacation leave, as well as holidays, when applicable.

CURRENT CONTROLLERS (Bus and Rail): Employed in the position as of 4-1-95

Workday	8 hours
Workweek	40 hours

No new swing shifts will be added for these shifts. Swing shift already in place for bus control will be continued.

NEW EMPLOYEES (Supervisors and Controllers): Employed in position as of 4-1-95

Workday	8 hours
Workweek	40 hours

The workday of 8 hours may be broken into swing shifts with the understanding that no swing shift will exceed a total of 11 hours.

When an employee is called in to work other than as scheduled, he/she shall be guaranteed a minimum of two (2) hours at one and one-half (1 ½) times their hourly rate. When an employee is called in to perform non-Supervisor or non-Controller duties, he/she shall be guaranteed four (4) hours at their straight time hourly rate, as compensation for the call-in and for any instances when the employee will not be required to work the entire call-in shift.

Section 2.2: Selecting Work Schedules

The selection of work schedules shall involve the posting of available work schedules (tricks) for each job group as described in this section.

The postings that contain the work schedules will be provided to the Union two (2) weeks prior to the actual selection of the tricks. NFT Metro agrees to meet with the Union to discuss any changes or modifications in work schedules prior to work assignment selection.

Instruction Department Supervisors' work is not subject to trick selection as contained in this section.

Bus Supervisors: Shall select work schedules (tricks) 4 times per year based on seniority.

Bus Controllers: Shall select work schedules (tricks) 4 times per year based on seniority.

Rail Controllers: Shall select four (4) week work schedules (tricks) picked every four (4) weeks. The selection of tricks will be based on a job group seniority procedure. Once the first employee selects a trick, he/she drops to the bottom of the list and rotates to the top as future selections are made.

Rail Supervisors: Shall select four (4) week work schedules (tricks) picked every four (4) weeks based on department seniority.

For rail controllers and supervisors, the picking of work schedules must be completed eight (8) weeks prior to the effective date of the schedule.

FOR ALL GROUPS LISTED

NFT Metro maintains the right to establish the number of tricks to be picked, the hours and days of the week of each trick with the understanding that no current employee will be required to work a swing or split shift or denied two (2) consecutive days off in their existing positions (other than existing practice). Nothing in this article prohibits a current employee from selecting a swing or split shift work schedule or a schedule that does not contain two (2) consecutive days off.

Tricks may be modified (within 15 minutes periods) by NFT Metro in its sole discretion, however, NFT Metro agrees to inform the Union of any changes and meet with the Union to discuss them.

Any selection/assignment of work schedules as outlined in this article may be changed or modified by mutual agreement of the parties.

Section 2.3: Shift Differential

For time actually worked in excess of eight (8) hours in any work shift or for time actually worked in excess of forty (40) hours in any workweek, the Employer agrees to pay the employee at one and one-half times the appropriate hourly rate.

For the computation of hours actually worked, the only paid leave that will be counted are holidays which fall within the employees scheduled workweek, but that the employee does not work, vacation and pre-approved personal leave. All other forms of paid, partially paid leave, or unpaid leave, shall *not* be considered time actually worked.

Section 2.5: Overtime Distribution

It is understood that the supervisor/controller on duty shall remain on duty until relieved.

The opportunity for authorized overtime shall be equally divided, within each job group, as per current practice.

Controllers have right to first refusal for overtime when it is necessary to call in an employee to work as a controller.

Disciplinary suspensions will not be scheduled as to prevent overtime, except in cases where immediate disciplinary suspensions are necessary.

It is understood that the sole responsibility and authority for determining the number of hours of work, in excess of the scheduled work shift and workweek, shall remain vested in NFT Metro.

Section 2.6: Lunch Periods

Controllers: Each employee assigned to work an eight (8) hour day will be allowed a thirty (30) minutes meal period, with pay. It is agreed that lunch periods must be taken within the scope of the employee's duties and any employee may be required to stay at his/her work location.

This floating holiday may be taken at any time during the fiscal year. Provided the employee submits a request to use the floating holiday in writing at least forty-eight (48) hours in advance of the day the employee seeks to take, the Employer shall not unreasonably deny the floating holiday.

All other sections of the Agreement, including but not limited to Section 3.2, shall apply to Holiday Pay under this section.

Section 3.2: Holiday Pay

In order to be paid for a holiday, an employee must be on full pay status. Employees on unpaid leave, Workers' Compensation, non-job related disability or disciplinary suspension when a holiday occurs, or is observed, will not be paid for that holiday.

An employee must have worked the last scheduled work shift prior to and the next scheduled work shift after a holiday in order to be paid for such holiday.

5	17
6	18
7	19
8 – 11	20
12 – 16	21
17 – 21	22
22 – 26	23

Schedule 4.2: Vacation Selection

In November of each year, employees will select their vacation for the following calendar year based upon a seniority selection method established in each job group.

Employees will select vacation in one (1) week increments in accordance with a quota system established by NFT Metro management.

Employees may, prior to date of vacation picking, reserve one (1) week vacation or extra days less than a week to be used as either full or half days during the year. Employees must submit a written request to NFT Metro management at least 48 hours in advance of the date that the employee wishes to take the vacation time. NFT Metro reserves the right to grant or deny these requests based on staff availability and work requirements on a first submitted basis.

Each employee must pick their vacation within 48 hours of receipt of the vacation picking sheet.

Any employees hired or promoted into the Union after April 1, 1995 will be allowed to convert 5 banked sick days into 1 week of vacation.

If an employee has 5 or more sick days in the bank as of January 1st of the year that vacations are being picked, 5 of those days can be converted into 1 week (5 days) of vacation. The converted week will be selected along with the employee's regular weeks of vacation when his/her turn for selecting comes up in the rotation.

*Note – Converting banked sick days into vacation can only be done by converting 5 banked sick days into 5 days of vacation.

Schedule 4.3: Vacation Carry Over

During the picking of vacations in November of each year, employees may elect to carry over ten (10) days' vacation into the following calendar year. These days may be used as a full week or as single days. Vacation time approved for carry over must be used between January 1st and March 31st in the next calendar year.

In addition, an employee, during the November vacation pick, may request a second week of vacation to be carried over. The ability to obtain this second week of vacation carry over will be based on a formula that allows for a maximum vacation carry over total of one weeks' vacation for each employee in the job groups as defined in Article 11, Section 11.1 of this agreement.

- a) Bus Controller/Supervisor
- b) Rail Controller
- c) Rail Supervisor

(Example: If there are five (5) rail supervisors at the time of vacation picking, a maximum of five (5) weeks' vacation is all that is permitted for carry over for this job group)

During vacation picks, all employees retain the right to carry over one week vacation. The ability to obtain the second week of carryover will be based on the maximum carry over limits of the job group and will be determined by Union seniority. (Example: If during the vacation pick for the five (5) person rail supervisors job group, a total of three (3) employees exercise their rights to carry over one weeks' vacation, a total of two (2) weeks would remain available for additional carry over. If, at the time of the pick, three (3) employees expressed a desire for a second week of carry over, then the two most senior employees would be granted the second week of carry over).

If, during the November vacation pick an employee requests a second carry over week and is denied this request as a result of the procedure outlined above, then that employee must select a vacation week from those weeks that are available after the regular pick has concluded.

All vacation time approved for carry over must be used between January 1 and March 31 of the year into which it is being carried.

All carry overtime will be picked first at each November vacation selection. Carry over weeks selected between January 1 and March 31 will be counted against the quotas established for that period for the regular vacation pick.

Section 4.4: Monetary Equivalent

An employee who leaves employment by retirement and provides thirty (30) days' notice shall be compensated for vacation time unused at the time of separation.

An employee who leaves employment by resignation and provides two (2) weeks' notice shall be compensated for vacation time unused at the time of separation.

Any employee who is discharged or who does not provide timely written notice as set forth in this Section shall not be entitled to unused vacation time.

All unused vacation time will be paid to the estate of an employee who dies while in the employ of NFT Metro.

Section 4.5: Holidays During Vacation

When a holiday occurs during an employee's scheduled vacation, an employee will receive vacation pay for the period selected and, in addition, will receive an additional payment for the holiday (8 hours pay).

Section 4.6: Advance Vacation Pay

Employees may request advance payment for pre-selected and approved vacation, provided that a written request is submitted to NFT Metro at least four (4) weeks prior to the start of the vacation period and provided that the vacation period is a minimum of two (2) consecutive weeks.

The advance vacation payment will be made on the payday immediately preceding the vacation period.

Section 4.7: Vacation Buy-Back

Employees may request to convert vacation time to cash value up to a maximum of twenty (20) days per year. The request must be made a minimum of one (1) week prior to the picked vacation period (Appendix "B").
